Introduction

Welcome to your Truli Rx Choice Medication Guide!

The Truli Rx Choice Medication Guide contains information about the drugs we cover for your plan. This guide gives you helpful tips on how to make the most of your pharmacy benefits. It includes a list of the generic, brand-name, and specialty prescription drugs that your plan covers.

This Medication Guide does not extend, vary, alter, replace or waive any of the provisions, benefits, exclusions, limitations, or conditions contained in your plan documents. These documents are your Benefit Booklet and Schedule of Benefits. Check your plan documents to find your complete coverage details.

Si desea hablar sobre esta guía en español con uno de nuestros representantes, por favor llame al número de atención al cliente indicado en su tarjeta de asegurado y pida ser transferido a un representante bilingüe.

How to find the most current information

How to save money on prescription drugs

Be mindful of your drug's tier

Truli for Health organizes covered drugs into levels called “tiers.” Typically, the lower the tier, the more cost savings you can expect, especially when you use a Truli Preferred pharmacy.

Retail Drugs

Retail drugs are drugs your doctor prescribes that you can fill at a local pharmacy.

Tier	What's included
1	<p>Drugs covered under the US Preventive Services Task Force (USPSTF) A/B List</p> <p>We cover certain preventive care drugs for no cost share when you fill them at a Truli Preferred pharmacy to help you manage your health and well-being</p> <p>USPSTF Preventive Drugs List</p>
2	<p>Truli for Me programs</p> <p>We designed the Truli for Me programs to help manage the cost of drugs used to treat certain conditions. When you take part in Truli for Me programs, you pay a lower cost share for drugs listed on this tier</p> <p>Truli for Me Drug List</p>
3	Lowest cost generic prescription drugs and supplies
4	Moderate cost generic and brand-name prescription drugs and supplies
5	<p>Highest cost generic and brand-name prescription drugs and supplies</p> <p>Drugs that we approve through exception</p> <p><i>Lower cost alternatives exist</i></p>

Specialty Drugs

Specialty drugs generally need a provider to closely monitor you during your therapy. They are high-cost injectable, infused, oral or inhaled drugs.

Tier	What's included
6	Lowest cost generic and brand-name specialty drugs
7	Moderate cost generic and brand-name specialty drugs
8	<p>Highest cost generic and brand-name specialty drugs</p> <p>Specialty drugs that we approve through exception</p> <p><i>Lower cost alternatives exist</i></p>

Calculate your cost share

Truli encourages you to use generic drugs whenever possible. Generic drugs must have the same active ingredients and work the same as their brand-name equals to obtain FDA approval. This is an easy way to get high-quality drugs at reduced costs.

Share this drug list with your doctor to ensure your doctor knows what drugs we include in your plan. Then, decide together if choosing a generic drug is right for you.

Log in to your [Truli for Me](#) portal to compare drug costs and find your cost share for a drug.

Where to get your prescription drugs

Use a Truli Preferred Retail Pharmacy

You have options when you need to fill a prescription. Having your drugs filled at one of our Truli Preferred pharmacies offers the best value.

When you fill your prescriptions at one of our Truli Preferred pharmacies, you pay less for your drugs than you would at other pharmacies. Log into your Truli for Me portal to find a Truli Preferred pharmacy near you.

A three-month supply saves you time and money.

To save you money and trips to the pharmacy, ask your doctor for a prescription for a three-month supply of your drug.

Specialty Pharmacy Network

You must fill your specialty drugs at one of the following pharmacies:

[CVS Specialty Pharmacy](#)

All Specialty Products
Phone: 866-278-5108
Fax: 800-323-2445

Hemophilia Products
Phone: 866-792-2731
Fax: 866-811-7450

[CAN Community Health Pharmacy](#)

Specialty HIV and Hepatitis C Products
Phone: 844-370-6204

Only these pharmacies are in-network for specialty drugs. A pharmacy can be in-network for retail or home delivery drugs and still not be in-network for specialty drugs.

Most specialty drugs are limited to a 30-day supply per fill.

Home Delivery

Home delivery provides an affordable way for you to get your maintenance medications – prescription drugs you take regularly to treat ongoing conditions.

With [Express Scripts Pharmacy](#), you can order up to 90-days' worth of maintenance medicine through the mail. It's a convenient way to fill your prescriptions and using home delivery may help you save money.

To see how home delivery is covered on your plan or to access helpful resources about home delivery, log in to your [Truli for Me](#) portal.

Getting started with home delivery

If you have a 90-day supply prescription from your doctor and are ready to start a home delivery order, visit [express-scripts.com](https://www.express-scripts.com) to create your account and manage your prescriptions online.

You can also call the pharmacy anytime at 888-271-3242 to speak to a member of the pharmacy team.

Non-Participating Pharmacy

Your plan only covers out-of-network pharmacies for Urgent or Emergency Care. You may have to pay the full cost of the drug if you go to a non-participating pharmacy.

Need your drugs while traveling? You're covered.

We understand that there may be times when you're traveling and need your drugs or have a provider give them to you.

Retail Drugs

If you have a written prescription, simply fill these prescriptions at one of our preferred pharmacies. Many of our preferred pharmacies have national locations.

Provider-administered

If you need provider-administered drugs while you're traveling, ask your prescribing doctor to coordinate with a participating provider in that area before you travel.

Commonly referenced drug information

This section includes information about drugs our members reference most often.

Drugs we do not cover

Truli Rx Choice is a closed formulary pharmacy plan. This means that we only cover drugs that are in the drug list. We list the drugs that we don't cover in a separate list.

[Drugs Not Covered List](#)

Immunizations

We cover certain vaccines for no cost share under your plan's preventive benefits.

You can get vaccinations from your doctor or a certified pharmacist.

[Preventive Vaccines List](#)

Women's preventive drugs and devices

We cover certain contraceptive drugs or devices at no cost share to you when:

- a doctor or other health care provider (not a pharmacist) prescribes them
- you purchase them from a Truli Preferred pharmacy

Examples: oral contraceptives, emergency contraceptives and diaphragms

[Women's Preventive Services List](#)

Provider-administered specialty drugs

Your doctor's office may order and give you certain drugs. Your plan covers these drugs as part of a necessary medical visit, rather than through your pharmacy, prescription drug benefits. The cost for provider-administered drugs can be found under the Medical Pharmacy benefit in your Schedule of Benefits.

[Provider-Administered Specialty Drugs List](#)

HIV/AIDS drugs

Your cost share for drugs to treat HIV/AIDS follows the Florida OIR Safe Harbor Guidelines. For more information, visit:

[Safe Harbor Guidelines for HIV/AIDS Drugs](#)

Oral chemotherapy drugs

Doctors prescribe oral chemotherapy drugs (cancer fighting drugs you take by mouth) to kill or slow the growth of cancerous cells.

[Oral Chemotherapy Drug List](#)

New-to-market drugs

We may not cover newly marketed drugs until the Pharmacy & Therapeutics Committee has reviewed them. It is always a good idea to reference this list when a new drug is introduced in the market.

[New to Market Drug List](#)

Prescription drug list frequently asked questions

Who develops the drug list?

Truli for Health and Prime Therapeutics' National Pharmacy & Therapeutics Committee decide the drugs we include in the drug list. We review this list quarterly (every three months). Truli uses current safety, effectiveness, and therapy usage information to decide if we need to make changes to the list.

We reserve the right to add or remove a drug or change a drug's tier at any time. For example, we might only include the following in the drug list:

- One manufacturer's product when a drug with the same active ingredients, supply or equipment is made by two or more different manufacturers.
- One dosage or form of a drug when a drug with the same active ingredient is available in different dosages or forms from the same or different manufacturers.

Why do you make changes to the drug list?

Truli Rx Choice is a closed formulary pharmacy plan. This means that we don't cover any drugs that aren't in our drug list.

Some reasons we make changes to the drug list include:

- Our Pharmacy & Therapeutics Committee approves new drugs.
- Our Pharmacy & Therapeutics Committee removes drugs for safety reasons.
- Manufacturers remove drugs from the market.
- Generic drugs of brand-name drugs become available. Usually, this puts the brand-name drug in a higher tier because the generic drug is less costly.

Does my plan cover over-the-counter (OTC) drugs?

Your plan covers a limited selection of OTC drugs. Your doctor must prescribe it for us to cover it.

The drug list changes throughout the year. Check your Truli for Me portal from time to time to see if we've added your OTC drugs to the list.

How can I request a coverage exception?

According to 45 C.F.R. 156.122, you may request an exception if we do not cover a drug you need.

Standard Exception Requests

To request a standard exception, you, your designee or the prescribing physician (or other prescriber), as appropriate may submit an exception request by completing and submitting the Coverage Exception Request Form at the link below.

We will notify you or your designee and the prescribing physician (or other prescriber, as appropriate) of our decision within 72 hours of our receipt of the request. If we approve the exception, we will provide coverage of the excepted medication for the duration of the prescription, including refills.

Expedited Exception Requests

You may request an expedited exception based on exigent circumstances. Exigent circumstances exist when:

1. you are suffering from a medical condition that may seriously jeopardize your life, health or ability to regain maximum function; or
2. you are undergoing a current course of treatment using a medication that is not covered on our formulary.

To request an expedited exception, you, your designee or the prescribing physician (or other prescriber) may submit an exception request by completing and submitting the Coverage Exception Request Form at the link below.

We will notify you or your designee and the prescribing physician (or other prescriber, as appropriate) of our decision within 24 hours of our receipt of the request. If we approve the exception, we will provide coverage of the excepted medication for the duration of the exigency.

[Coverage Exception Request Form](#)

What if my exception request is denied?

If we deny your standard or expedited request for exception, you, your designee, or the prescribing physician (or other prescriber) may request a review of the original request and our denial by an external independent review organization.

1. If the original exception request was a standard request, we will notify you or your designee and the prescribing physician (or other prescriber, as appropriate) of our decision within 72 hours of our receipt of the request. If we approve the exception, we will provide coverage of the excepted medication for the duration of the prescription.
2. If the original exception request was an expedited request, we will notify you or your designee and the prescribing physician (or other prescriber, as appropriate) of our decision within 24 hours of our receipt of the request. If we approve the exception, we will provide coverage of the excepted medication for the duration of the exigency.

How to read your drug list

	3	4	5	6	7						
Drug Name	Drug Tier	Specialty	Prior Authorization	Quantity Limits	Limited Distribution	Drug Name	Drug Tier	Specialty	Prior Authorization	Quantity Limits	Limited Distribution
1 ANTI-INFECTIVE AGENTS						ALUNBRIG - brigatinib tab 30 mg	5	•	•	•	•
PENICILLINS						ALUNBRIG - brigatinib tab 90 mg	5	•	•	•	•
AMOXICILLIN - amoxicillin (trihydrate) chew tab 250 mg	5					ALUNBRIG - brigatinib tab 180 mg	5	•	•	•	•
2 amoxicillin (trihydrate) cap 250 mg	3					anastrozole tab 1 mg (Arimidex)	3				
amoxicillin (trihydrate) cap 500 mg	3					bexarotene cap 75 mg (Targretin)	5	•	•		
						bicalutamide tab 50 mg (Casodex)	3				

1. Drug categories

Your covered drugs appear in broad categories. For example: Anti-Infective Agents

2. Drug names

Generic drugs appear in lowercase and **boldface**. Brand-name drugs we cover appear in UPPERCASE.

Generic drug names may refer the brand-name drug (in parentheses) to help you recognize a product. This does not mean that we cover the brand-name prescription drug. For example, **azithromycin** (ZITHROMAX).

We list drugs separately for each dosage form and strength.

3. Drug Tier

Indicates the drug tier in which the drug falls. This drug tiers aligns to the cost share tier found in your Schedule of Benefits.

4. Specialty

Indicates if we define the drug as a Specialty Drug. If the drug is a self-administered injectable drug, then “inj” will appear behind the drug name. For example, enoxaparin inj.

5. Prior Authorization

Indicates drugs that your doctor will need to send a Prior Authorization request to us before we will cover the drug. You may pay the full cost if we do not receive the request.

[Prior Authorization Program Information and Request Forms](#)

6. Quantity Limits

Indicates drugs that have a quantity limit on the amount filled each time.

[Quantity Limit Program Information and Exception Request Form](#)

7. Limited Distribution

This drug has limited distribution. It may not be available at all pharmacies. Discuss with your doctor where you can obtain this drug.

Abbreviation/Acronym key

caps = capsules

chew tabs = chewable tablets

conc = concentrate

crm = cream

ext-release = extended-release

inhal = inhalation

inj = injection

lotn = lotion

NP = non-preferred

odt/ODT = orally disintegrating tablets

oint = ointment

OTC = over-the-counter

sl/SL = sublingual

SP = specialty pharmacy

soln = solution

supp = suppositories

susp = suspension

tabs = tablets

How do I search for a drug name in this list?

1. Do one of the following:

- press the **Control** and **F** keys on your keyboard, or
- go to **Edit > Find**.

The Find dialog box opens.

2. Type the word or phrase you are looking for and press **Enter** on your keyboard. Adobe Reader takes you to the first instance of the word.
3. Click **Next** or **Previous** to move to the next or former incidence.
